DANGER FROM FIRES IN WOODLANDS

Woodland litter, when dry, is highly inflammable and fires can quickly get out of control. We request your cooperation to control all fires so that lives and property may not be endangered or destroyed, and forests be kept green to furnish the natural beauty we all enjoy and to grow timber we will need.

WHAT IS "WOODLAND"?

The term "woodland" is defined by law to include, "cut-over land, slash and such other land as bears a sufficient amount of wood growth, wood, weeds, grass or other growth as to be likely to be burned over."

When in the woods, you are expected to exercise caution in the use of fire and to remember that

IT IS UNLAWFUL TO

Throw down lighted matches, cigarettes, or other burning substances from vehicles or otherwise.

Burn brush, rubbish, grass or other materials when the ground is not covered with snow, without written permission from the forest fire warden.

Kindle a camp or cooking fire on land of another without permission from the owner or his agent.

Leave an open fire burning unattended.

Fail to report a forest or brush fire that is out of control.

VIOLATORS ARE SUBJECT TO THESE PENALTIES

Anyone letting a fire escape from control, whether or not he has a permit to kindle the fire, is liable for the costs of extinguishing the fire.

Anyone found guilty of dropping inflammable material in or near woodland shall be fined not more than \$25.00.

A person failing to report an uncontrolled brush or

forest fire is liable to a fine of not more than \$10.00.

For kindling a fire in woodland of another without permission of the owner, or for kindling any fire without a permit when a permit is required, a person may be fined not more than \$200.00, or imprisoned 60 days.

DAMAGES

Every person who shall set fire on any land, that shall run upon the land of another, shall pay to the owner all damages done by such fire.

BE SURE—GET A PERMIT

Incinerators should be tight, with a close mesh screen, and be on clean ground.

Open fireplaces used to burn rubbish are classed as incinerators.

Always clean a space about any open fire to prevent its spread.

Never burn in dry, windy weather.

Have incinerators inspected by the forest fire warden and get his written permit.

Number of permits,	30
Number of fires,	3
Acreage burned,	$\frac{3}{4}$ acre

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Effingham:

Teachers in the Effingham Schools during 1954-55 were: Miss Gladys Leavitt, Center School, grades 5-8; Mrs. Linnie Giles, Falls School, grades 1-4. Effingham is fortunate to have two such competent teachers available.

There was a total enrollment of 57 pupils in the two schools with 14 in the eighth grade. At the opening of the current year 11 pupils entered the first grade. There are two pupils in the present eighth grade. According to the September census there will be six pupils entering the first grade next year.

The high school enrollment last year was as follows: Kennett High School 16, Brewster Academy 1, Porter High School 1, and Portland High School 1. Enrollment for the current year is as follows: Kennett High School 17, Brewster Academy 1, Porter High School 2, and Auburn, Maine 1. There are four to be graduated in June. The Kennett High School tuition rate this year is \$290.00 and will be \$305.00 next year.

Mrs. Amy Brown, R. N., continued her valuable services as school nurse. At the beginning of the current year Effingham combined with Freedom, Madison, Brookfield and Wakefield to form a School Nurse Union with Mrs. Rebecca Sanborn, R. N., as the school nurse for all the schools in these districts. Mrs. Sanborn has served in this capacity in Brookfield and Wakefield during the past two years. During the spring term the Salk Polio Vaccine was made available to pupils in the first two grades. These children were transported by Mrs. Kenniston, with the assistance of Mrs. Scanlon, to Wolfeboro for their inoculations. In November, 1955 this vaccine was made available

to all children, who had not previously received inoculations, up to, and including, age 15. The pupils were transported to the Ossipee Central School by Mr. Stokes. This same group will receive the second inoculations late in January of this year. This project has been made possible through the cooperative efforts of the State Department of Health, our local physicians, and school nurses.

Enough new desks and chairs were purchased to complete the equipment of the Falls school with this movable type of furniture. A chain link fence has been erected across the front of the yard at the Falls school. New kitchen cupboards have been installed in the Center school. The school board plans to replace part of the desks and chairs in the Center school during the coming year, with the movable type. These are much more comfortable for the pupils, and lend themselves readily to advantageous arrangement.

Effingham received no state aid and will receive none this year. Under the present formula for distribution and amount appropriated by the state Effingham is not eligible to receive state aid.

The earnest cooperation of the school board, teachers, pupils, parents and citizens is most sincerely appreciated.

Respectfully submitted,
EVERETT H. BRASIER,
Superintendent of Schools

SCHOOL HEALTH PROGRAM

Since my services as your school nurse began in September, I have no report to make for 1954-55. However, I should like to say that the children in first and second grades who received their first poliomyelitis vaccine (Salk) at a central clinic held at Wolfeboro May 25, 1955, received their second vaccine at a clinic held at Center Ossipee on November 16, 1955. Another giant step in the much talked of positive-preventive type of health program.

Two gaps are being closed up as the program changes from a corrective-remedial to a positive-preventive type. The first gap being reduced by the frequent medical examination, at which time possible defects are discovered, also the physician often finds these defects before they cause symptoms obvious to those less well trained. The child and his parents can be given early and constructive suggestions concerning growth and development. This is an actual "health" service, not just merely a remedial one after damage has been done. The second gap between the time the abnormal condition becomes known and something is done about it is also being closed.

The school health services do not aim at taking over parental and family physician responsibilities, but at supplementing and complementing them. The nurse's duties may perhaps be divided into three groups: her work with individual children at the schools, her work with individual parents at the homes and her work as an assistant to the doctor and teacher in matters pertaining to health. This program must be custom made for each community with maximum consideration given to the individual and wisest utilization of time in terms of priority needs.

Looking to the future, the individual who as a child has absorbed a positive attitude toward health will be

protected against the unreasoning fear of illness and possible pain which makes so many adults postpone medical examinations and treatment until it is too late.

May I thank you for your help and fine cooperation.

Respectfully submitted,

REBECCA P. SANBORN, R. N.

REPORT OF THE SCHOOL NURSE

This reports the work of the school nurse from Jan. 1, 1955 to June 30, 1955.

Several inspections were made in an attempt to keep the children clean and free from pediculosis (lice).

27 physical examinations were completed by Dr. Dube in February. The rest were done earlier in the school year.

45 children had their vision tested. Any defects were reported to the parents for early correction.

1 child attended the April Orthopedic Clinic at Center Ossipee.

The spring heights and weights were recorded on the individual Health Records.

On May 25, 1955, 8 children were transported to Wolfeboro to receive their first innoculation of Salk Vaccine for the prevention of Poliomyelitis.

Respectfully submitted,

AMY L. BROWN, R. N.

School Nurse

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Effingham qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 7th day of April 1956, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to raise and appropriate \$1000.00 for the installation of a pump, pressure tank, flush toilets, sink, and drinking fountains in each school.

10. To see if the district will vote to authorize the School Board to make application for and accept in the name of the School District for school purposes such funds or grants-in-aid as may be obtainable from the State or the United States Government or any agency or department thereof, or any other source.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Effingham this 1st day of February 1956.
